27 अगस्त 2010
AUG 2010

Sub: Provisioning of Air-Conditioner-enhancement of existing connected electric load.

Ref: 1. T.O.L.No. CS-3(6)/2009/Air-Conditioner/19376-87 Dtd-05.07.2010.
2. T.O.L.No. CS-3(6)/2009/Air-Conditioner/15279 Dtd-30.07.2010.

Sir,

Please refer to the above cited letters and subject. Provisioning of Air-Conditioner is under active consideration with the computerization project. Therefore, the additional electric load for new equipment like new computers, printers, servers and air-conditioner may not be added to the existing service connection. Hence, it may require to enhancement of present connected load of the Office Building (ROs/SROs) prior to get live of the additional fitments to the existing systems, the same was also stated vide this Office earlier letter issued under reference vide SI(1) &(2) above.

Accordingly, the concerned offices may be directed to forward the details of cost involvement supported with the requirement projected by the local electric body including cost of the transformer if required.

Yours faithfully,

(Jagat Singh Baghel)
Executive Engineer (E).
