Sub: All India Performance Audit – furnishing of electronic data

Sir,

The CAG has taken up the Performance Audit of EPFO for the period 2006-07 to 2010-11 in all field offices and the work is already in progress. During the course of Performance Audit, the CAG team has sought electronic data of Oracle for audit purposes. Some field offices have referred the matter to the Head Office for issue of suitable guidelines and procedure for extracting the electronic data required for Performance Audit by the CAG Team. The matter was examined in consultation with the IS Division and it is now decided that the electronic data from the Computer Server can be provided to the Performance Audit teams as and when requested. The IS Division has devised instructions and the procedure for extraction of electronic data from the Computer Server and the same is enclosed. You are advised to follow the instructions provided therein for extracting the data as and when required by the CAG team and in case of any problems faced in the same, may please contact Mr. C. Chakraborty for necessary assistance.

Yours faithfully,

(RAJESH BANSAL)
FINANCIAL ADVISOR & CHIEF ACCOUNTS OFFICER
